# TEAM WORKSHOP

## ACTIVE • ENJOY

A workshop outside the office is perfect for creating new ideas and taking a look back at recent developments. The restaurant is transformed into a seminar room for the afternoon, with the necessary infrastructure including projector, writing materials and space for creativity ready and waiting. Make time for cooking, mixing cocktails or simply enjoying yourselves either before or after getting down to work. This will offer you and your team the perfect opportunity to get to know each other from a different perspective. Combine your creative work with one of our active events – and if you can't find anything to suit, our staff will be happy to accommodate your ideas.
