

# COCKTAIL WORKSHOP

MIX • TASTE

For a guide to cocktail-making

# COCKTAIL WORKSHOP

## MIX • TASTE

Why not take a peek behind the bar and experience the art of cocktail crafting firsthand? Our experienced bartender will guide you step by step through the secrets and techniques of cocktail making. But the best part is yet to come - with us, you won't just be a spectator! You'll become the bartender yourself and mix a cocktail of your choice, which you can then enjoy together with your friends. Accompanied by a delicious platter of homemade products from our kitchen, this interactive workshop is great as a standalone event or a perfect start to a wonderful evening with us.
